

March 4, 2021	Excited to see the bees in March		
Overview	Notes		
<p>Watch this video: https://youtu.be/0ZMJAybemjU</p> <p>While watching: The focus of this video should be on the birth of the honey bee. What does the honey bee need to survive? Why is water important for bees? How can we compare these needs to what we need as humans?</p> <p><i>Real discovery question, 'what do hives need to start a new season?'</i></p> <p><i>What is hop guard? What does it do? (Will be showcased in future video)</i></p> <p>Why honey bees need water: https://growtherainbow.com/blogs/news/35730115-why-honey-bees-needwater</p> <p>What bees need to survive: https://www.perfectbee.com/your-beehive/beehives-and-accessories/whatbees-need</p>
