

August 2, 2021	<b>How did we miss this?</b>	
<b>Overview</b>	<b>Notes</b>	
<p>Watch this video from Wildflower Bee Farm: <a href="https://youtu.be/3ZrRcSH9rGU">https://youtu.be/3ZrRcSH9rGU</a></p> <p>While watching: Watch how bees enter and exit the hive. Are there any specific movements or behaviours?</p> <p>Today's goal: Learn about the messages that bees are sending out and how that process works. Are there ways to help bees salvage the hive before it fails? Are the bees telling us anything? What should we be aware of?</p> <p>Further research:</p> <p>Ways to help a failing hive - <a href="https://beekeepinglikeagirl.com/5-ways-to-help-a-failing-hive/">https://beekeepinglikeagirl.com/5-ways-to-help-a-failing-hive/</a></p> <p>Can bees call for help? - <a href="https://schoolofbees.com/can-bees-call-for-help/#:~:text=What%20are%20Pheromones%3F,send%20messages%20to%20each%20other">https://schoolofbees.com/can-bees-call-for-help/#:~:text=What%20are%20Pheromones%3F,send%20messages%20to%20each%20other</a></p> <p>Extended reading on bees inside and outside of the hive - <a href="https://www.perfectbee.com/learn-about-bees/the-life-of-bees/inside-and-out-of-the-beehive">https://www.perfectbee.com/learn-about-bees/the-life-of-bees/inside-and-out-of-the-beehive</a></p>
