

<b>The Bee Science Club – Wild Flowers</b>	
<b>Overview</b>	<b>Notes</b>
<p>Let the class know today will be more of an investigative lesson.</p> <p><b>Whole class question: “We have learned so much about bees, but how well have we studied the many different wild flowers?”</b></p> <p>Tell the class the video will be showing various wild flowers and they are to take notes (in order to find out what each flower is called).</p> <p>For younger students, option to work together as a class, pausing the video on each flower and help the class look through the 11 different flowers. Sketch, describe and provide the clues.</p> <p>There are resources provided to help support students and the class.</p>
